

**Andre Dyson**  
**January 18, 2006**

**(On if you treat this like a normal game...)** “Obviously it is a big game. Everyone knows that. We want to win. We can’t over do it during the week. We have to keep everything normal. Don’t change up everything and do what we have done to get this far. Hopefully it will work for us on Sunday.”

**(On if the routine off the field will be the same...)** “I do the same thing every week. Get a lot of rest, prepare and be ready to compete on Sunday. You can’t get too involved in changing things and get too involved in the game because you won’t play a smart game. You won’t play how you are capable of playing.”

**(On comparing Santana Moss and Steve Smith...)** “They are similar. They are both dangerous after the catch. They both are Pro Bowlers. Size is the same, height, the numbers. Everything is almost the same. Seeing Santana is a big help for us. For me, I played with Steve in college for two years so I think that should help me out a little bit too.”
